WHO WE ARE

BONAVENTURA MASCHIO

an Italian Heritage

A great family and an even greater shared passion. Over a century of history from five generations: from great grandfather Antonio to today's Managing Director Italo who, along with his son Andrea and daughter Anna, carries on the Company's tradition, a business that has always sought and found in hard work, study and research, and strict quality control, the true expression of essential and authentic values. With the Maschio family, whole generations of viticulturists, distillers, oenologists grew-up and were educated.
Everyone sharing his own experience longing for quality and innovation on each creative and productive aspect.

TERROIR

OUR TERRITORY

Gaiarine was once in the hearth of Mittle-Europe; today it is in the centre of Italy's North-East, one of the country's most remarkable areas, both economically and historically. Our vineyards are settled in a pleasant and generous land bordered by the Piave and Tagliamento rivers, in the bucolic landscapes that Cima da Conegliano celebrated with his paintings.

Our raw materials grow some miles away, between the hills of Prosecco di Valdobbiadene – Conegliano DOCG, Unesco World Heritage by appointment in 2019.

Austria, Slovenia, Trieste, Venice, Padua , Verona are our neighbours, but we feel at home anywhere in the World.

METHOD

EMOTION AS A METHOD. ALL ALONG.

Within tradition and the art of distillation, both factors being part of our experience, emotion has always played an important role.
Emotion meaning passion, sharing and taking care of the evolution of the audience's preferences. To enhance to its best the gratification of those who chose to drink and enjoy a Bonaventura Maschio's product, it is essential that we fully experience all sensations which accompany our daily work.
For this very reason, we have decided to present our ranges of products as an imaginary tour combining these very feelings and emotions.
All this represents our distillates, in all their diverse yet unique intensity.

OUR RANGE

PRIME UVE

DISTILLATO D'UVA, SOLE E MERAVIGLIA

The distillate that changed the way of drinking grape-based distillates in Italy. It is the result of the distillation of fine, perfectly ripe and scented white grape varieties which enhance its originality. Its fresh aroma is the result of the careful selection of perfectly ripened grapes, and a rigorously monitored unique process, that guarantees quality all the way from harvest to fermentation and distillation.

OUR RANGE

LA GRAPPA

903

The number one grappa for consumptions in Italy's bar and restaurants (Nielsen horeca survey 2018). This grappa is dedicated to Bonaventura Maschio, the Company founder born in 1903 who, not only has given the Company his name, his own style and character as well, along with his experience, today considered a milestone in the making. It is the grappa with a great personality: a masterful blend between different grapes distilled in dedicated stills.

OUR RANGE

PRIME
ACQUAVITE D'UVA

"**Prime is a long time dream come true**: transferring to a distillate those same emotions and aromas as only Italian wines, the most celebrated ones, are able to give. To achieve this dream I closely worked with fellow producers, at times very distant from my home-town, eager like me to take on daring challenges."

OUR RANGE

GRAPPA DA CONVERSAZIONE

For sheer conversation. At Bonaventura Maschio we have always produced top-notch grappas, still representing a strong bond with our land, with the taste of quality food and conviviality. The loving care that goes into the distillation techniques and the choice of raw materials make this Grappa so lovable. The fruity and velvety flavour brings out the very best in the fresh pomace of mainly aromatic grape varieties.

OUR RANGE

THE
QUEEN
GRAPPA

God save Moscato. The Moscato grape speaks the language of smoothness and aroma. We also wanted it to have refinement and elegance, to turn it into a true queen. The Queen is a personal tribute that the Distilleria Bonaventura Maschio wished to dedicate to this beloved variety. Thanks to the highly selected grape marcs and the sweet rest in small oak barrels, The Queen stands out as a particularly fine grappa.

OUR RANGE

AMARO BONAVENTURA

L'AMARO DEL FONDATORE

The new savor of rediscovery. After 5 generations, we unveil our ancient recipes: this is our selection of herbs and flowers, so that none of the scents of our garden shall be lost. And then spices, recalling memories of the history of Venice and its eastern merchants.
Two recipes, to give new life to a family heritage… Amaro Bonaventura, the Amaro of the founder.

OUR RANGE

DISTILLERIA BONAVENTURA MASCHIO
AMARO
PRATUM
BIOLOGICO
29% VOL.

Amaro Pratum Bio comes from the infusion of carefully selected botanicals whose source and every step of the production have been certified organic. Its intense and vibrant taste is marked by shades of chamomile, mint, thyme and sage, harmoniously combined with the bitter tones of dandelion, plantain, gentian and milk thistle. Its low sugar content, and the light golden colour, given by the great proportion of aromatic plants in its recipe, make it an ideal choice for those who favour natural and authentic products.

OUR RANGE

TIRAMISÙ
DI CASA

Every Italian's favourite dessert is now a liqueur.
The historical distillery based in the province of Treviso, thanks to the centuries-old experience handed down in five generations devoted to distillation and spirits production, presents its personal tribute to Tiramisù: a liqueur that will give you the thrill of a spoonful of that delicious, velvety and quintessentially Italian dessert.

OUR RANGE

LIMONCELLO DI CASA

Limoncello is the most famous and loved of Italian liqueurs.
Every family guards its own secret recipe to make it at home and then sip it all together as a pleasant digestif while lingering at the table chatting and happily telling stories after a meal.
Limoncello di Casa owns its unmistakable fruity note to the careful infusion of the best lemons, ripened under the Italian sun, lulled by the refreshing sea breeze. Its aroma takes us right back to that sunshine, to the blooming Mediterranean gardens, to the beauty of the Italian artistic heritage and that joy of life that made our country famous in the world.

OUR RANGE

THE BARMASTER GIN

The Barmaster is here. A white shirt. A pair of red suspenders. The body leans on the counter. Hands move, fast. Ice in the glass. Some more in the mixing glass: now the gin, then a second spirit to shake with nonchalance. To be a Bar Master is not only a matter of taste. It is also a matter of style. And then, of course, the right gin. A gin that delivers what it has to. Like Barmaster Gin; a gin that breathes life into the style of those who handle gin and cocktails every night. Barmaster is a versatile gin that has no fear of any new experiment or pairing.

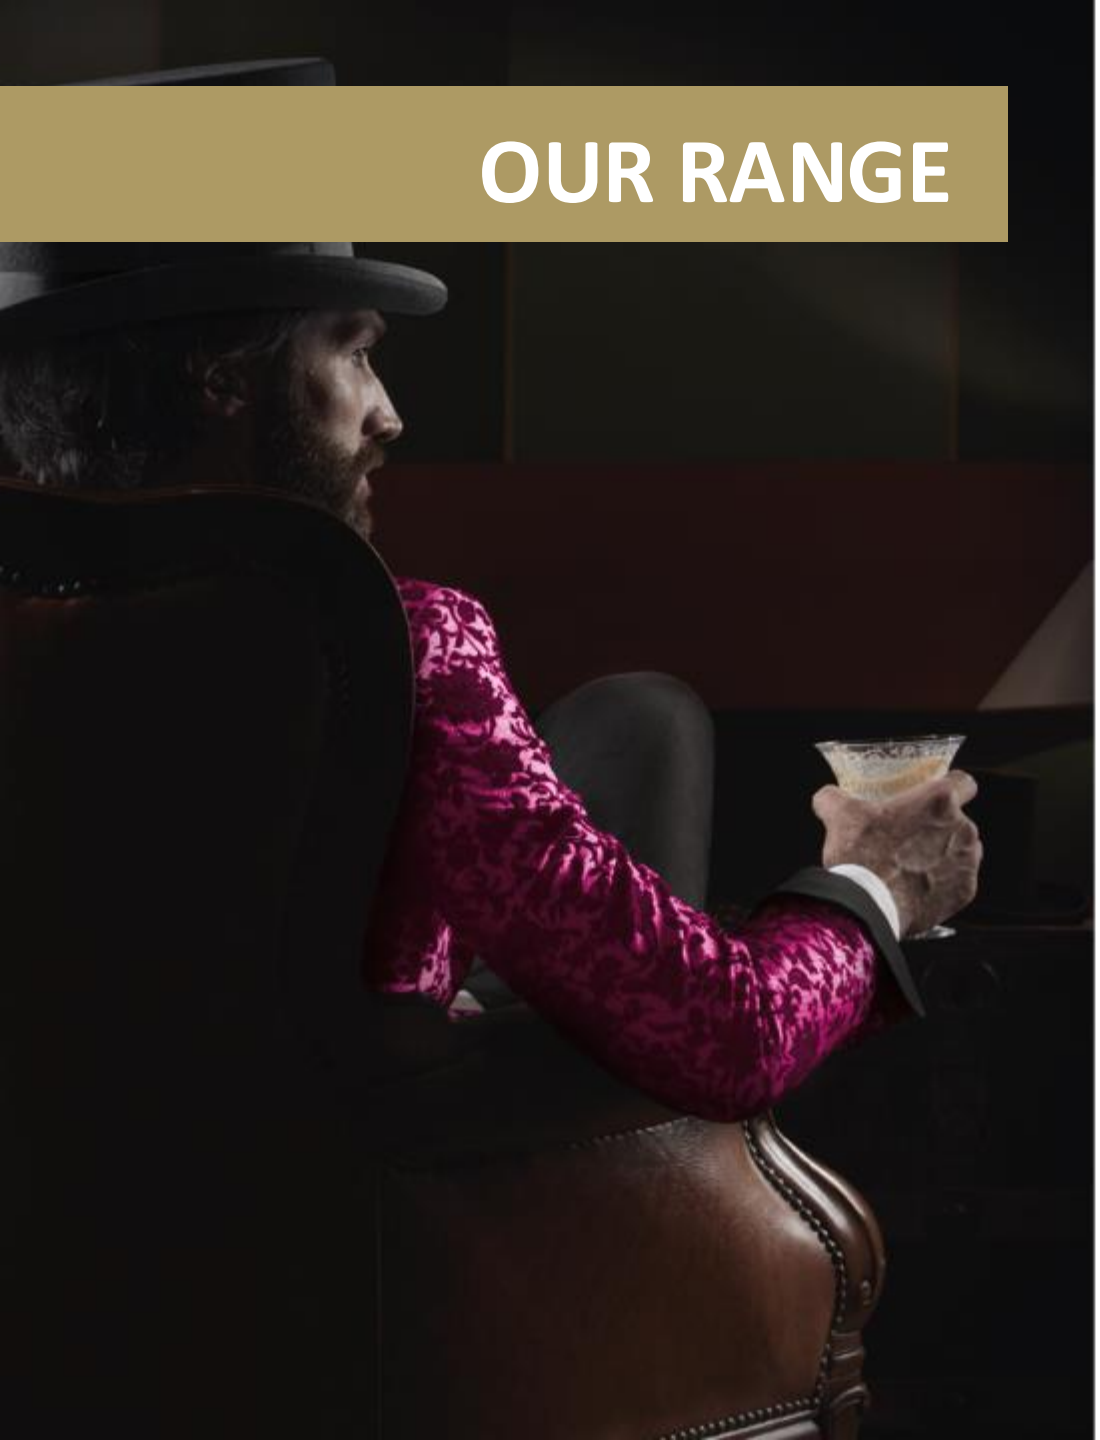

OUR RANGE

GIN PURO
THE ONE
BACK TO THE GIN

Back to the gin. Gin Puro. The gin is back. We wondered for a long time how to create our own Gin. How to follow the trail of this great spirit that lived many lives. But that in the end has its own roots just there, in the unmistakable juniper berries. That's where we decided to follow back these scented footprints. To get back to the purity of the origins. To Gin. As we mean it.

OUR RANGE

GENTLEMATE

THE DANDY BRANDY

The Dandy brandy. When you understand that nothing is more démodé than the latest fashion… that years have left some lines on your face; and the ability to decide what truly has value, and what does not, has gone.…that taste and sophistication often hide in the shadows, away from spotlights and from the usual chattering… then it is the time that you ought to rediscover magnificent and powerful spirits such as brandy.

OUR RANGE

Vermut
BONAVENTURA

Throughout the late Middle Ages and the Renaissance period, Venice served as a central hub for trade routes connecting the entire known world. The stores of its experienced merchants offered a selection of fine wines, fragrant spices and rare silks. Inspired by this tradition, the distillery Bonaventura Maschio created a vermouth that celebrates the fascinating legacy of the Repubblica Serenissima and its exotic treasures.

OUR RANGE

Bitter MASCHIO

While tracing our heritage and delving into the history of the distillery, we aimed to craft a bitter that echoed the style of those we produced in the 1950s. Years marked by vibrant creativity and enthusiasm, yelding both sensory and aesthetic influences for this new creation. A bitter with great personality and structure, persistent and multi-faceted, balanced by the zesty and fragrant hints of citrus and mint.
